REQUIREMENTS TO OBTAIN BUILDING PERMITS TOWN OF SHORTER, ALABAMA

CENERAL REQUIREMENTS

1. Complete set of Construction Documents to include: Floor Plan, Foundation Plan, Framing Plan, Exterior Elevations, Electrical Plan, Plumbing Plan and HVAC Plan.

The Code of Alabama 34-2-32(b) and (c) requires that all buildings constructed or altered have the services of an architect, unless the building type, owner, or size is excepted. An architect is not required on any building less than 2,500 square feet unless it contains either assembly or education spaces. An architect is not required by law for any single-family residence.

- 2. A Plot Plan: A survey showing the location of the building on the property, the access driveway and locations of the septic system and water well (if they will be constructed).
- 3. A permit to install a septic system from the Health Department.
- 4. Permits are needed for:
 - A. Building
 - B. Electrical
 - C. Plumbing
 - D. Heating and Air Conditioning
 - E. Any remodeling, renovation or repair work
- 5. All building contractors shall be state licensed by the appropriate authority: the Home Builders Licensure Board or the General Contractor Licensure Board.
 - A. From the State of Alabama Licensing Board For General Contractors: Alabama Law and Rules and Regulations:

Code 34-8-1. "General Contractor Defined:

1) For the purpose of this chapter, a 'general contractor' is defined to be one who, for a fixed price, commission, fee or wage, undertakes to construct or superintend or engage in the construction, alteration, maintenance, repair, rehabilitation, remediation, reclamation, or demolition of any building, highway, sewer, structure, site work, grading, paving or project or any improvement in the State of Alabama where the cost of the undertaking is

- fifty thousand dollars (\$50,000) or more, shall be deemed and held to have engaged in the business of general contracting in the state of Alabama."
- B. Plumbers, HVAC and Electrical subcontractors shall be licensed by the State of Alabama through their appropriate licensure boards, and must supervise their portion of the work.
- 6. All contractors and subcontractors shall have a business license from the Town of Shorter.
- 7. Pay all required fees.

RESIDENTIAL

- Must be a State Licensed Home Builder if the contract amount is \$10,000.00 or more, as well as licensed with the Town of Shorter, if you are not the property owner. Proof of license is required.
- New Homes:
- Plan(s), Site Plan drawn to scale showing the property lines and location of houses on the property.
 - b. Legal description of the property.
 - c. Some subdivisions have an architectural control committee approving the design of the house; their approval letter must be submitted when the permit is picked up.
 - d. Must be a State Licensed Home Builder if you are building for someone other than your self.

3. Additions:

- a. Site Plan which shows addition location in relation to the existing home, showing dimensions and distance off property lines. Also required are Floor Plan(s) and Exterior Elevations.
- b. Survey of property, if available.
- c. Some subdivisions have architectural control committees, letters of approval are required.

4. Accessory Structures:

- a. Detached garages, carports, storage buildings, green houses, gazebos are required to be permitted.
- b. Metal kit-type storage buildings are required to be permitted, even if they are portable and not on permanent foundations.
